

PHILOSOPHY

We Are Family

We see a sense of belonging as our foundation
We believe strongly in working collaboratively with our families
We value the strong relationships we have with families
We approach one another with respect and support each person's knowledge, strengths, and culture
We ensure our environment reflects us, our beliefs, our community

We Are Nurturers

We acknowledge, value, and respect the Birpai Country on which we learn and play
We see all things as connected and the importance of nurturing our environment
We foster strong relationships, supporting one another through openness, honesty, time, and encouragement
We promote health, safety and wellbeing, and protect one another

We Are Learners

We acknowledge, value, and respect the Birpai Country on which we learn and play
We see all things as connected and the importance of nurturing our environment
We foster strong relationships, supporting one another through openness, honesty, time, and encouragement
We promote health, safety and wellbeing, and protect one another

We Are Connected

We are active citizens connected to our local community and environment
We promote a respect for diversity and individual's values, beliefs, and practices
We support wellbeing through connecting with one another and with our natural world
We collaborate and network with others within our community and beyond
We share information through communicating and connecting with others
